

**Day One 8 am – 6 pm**

7:30-8:00	Registration
8:00-10:00	Introduction Muscle Morphology Functional Anatomy Implications of the Joint-by-Joint Approach Exposure: Selective Functional Movement
10:00-11:00	Assessment Didactic: Treatment in Tissue Tension Lab: Lumbar Spine
11:00-12:00	Lab: Cervical Spine
12:00-12:30	Lab: Correctives Lumbar/Cervical
12:30-1:00	Lunch
1:00-3:30	Lab: Hip & Thigh (Anterior/Medial/Posterior)
3:30-6:00	Didactic: Hypermobility Lab: Correctives Hip/Thigh

**Day Two 8 am – 6 pm**

8:00-10:15	Didactic: Neural Provocation Lab: Lumbar and Lower Extremity Neural Provocation
10:15-12:00	Lab: Cervical and Upper Extremity Neural Provocation
12:00-12:30	Lunch
12:30-2:30	Didactic Joint Compression/Distraction Lab: UE/LE Compression/Distraction Techniques
2:30-4:15	Didactic Functional Positioning and Techniques Lab: Functional Positioning techniques
4:15-6:00	Manual and Corrective Techniques

**\*Agenda may be altered as needed for course flow.**
